

Traxx 386 RegioJet

Reskin for Paid Addon ChrisTrains_NSTRAXX186_ICRmh. The package contains dynamically numbered engines 386 201 to 386 204 including a small modification of the cabin. Only the original ChrisTrains ETCS can be used for Czech tracks. Changes in the model were allowed by Chris Longhurst.

Copyrights

- This software asset is freeware and is NOT for sale or resale. Adding to a commercial addon is strictly prohibited.
- Publishing on other websites only with permission of the author.
- The archive itself and the files contained therein must not be changed in any way.
- The distribution of a complete model with non-original textures is forbidden, just like any modification of the archive parts by the reverse engineering method. The repaint author may authorize all exceptions.

No liability for damages:

- The supplied Data are allowed only in the context of the TS Simulator of company DTG and Payware NS Traxx 186 + ICRmh wagons from @chris trains NL.
- In no event shall the author of this reskin be liable for any special, consequential, incidental or indirect damages whatsoever arising out of the use of this product.

The CZ386RJ.rwp file can you install using Train Simulator Utilities. The password to unpack the package is regiojet.
